

Dear Blue Class

How are you all? It has been yet another week since I last wrote. Hope you have been having fun. Duygu says hello as usual. She has been able to meet her aunt after 3 months and she celebrated her cousin Duygu's birthday. She was so happy. Her cousin supports Spurs just like Duygu and I and we are looking forward to football starting again. Are you? She also went for a walk in Victoria Park. Tracy went to visit her on Monday and they had fun in her garden.

Tracy saw her grandchildren again this weekend. Jaxs had lots of fun playing in a box, who needs toys?. Her dogs played happily in her garden. Charlie was following Jack. Her husband has been busy decorating and Tracy has been shopping for him.

Tracy and I washed her car. We got very wet and we had lots of fun. I made some bread. It was delicious. I had to mix the dough with my fingers it was all sticky, yuk! I went to see my friend in Essex and we saw a rainbow in her garden. I have finished writing all your reports and continue to read your work on purple mash. I received some work via the office this week and replied by email through purple mash.

Take care of yourself and parents,

Duygu, Tracy and Hazel
