

Hi Gold Class,

How are you all? It was so very nice to hear your voices on the phone and to know you are healthy and happy. I am well and have continued to enjoy my daily walks, whilst in Waterlow Park I spotted this lovely little terrapin sleeping. I was very surprised to see it.

I have been making lots of healthy snacks and my son and I made these oat cookies with cacao nibs, cinnamon and orange zest - super delicious!

of healthy snacks and my son and I with cacao nibs, cinnamon and orange

We also competed the dinosaur puzzle which was actually quite tricky as the pieces are so very small.

Sending lots of love and hoping that you all get to enjoy this week's sunshine,

Sanja x

Hallo to all the Gold Class Parents and Children out there!

It was really good to hear that you are keeping healthy, learning, and striving to keep happy! I heard how you have found ways to cope and have made your own routines. It was so nice to touch base with everyone; parents: I salute you for all of your efforts!

What have I done this last week? Work and calls apart, I have carried on cooking in earnest. With bread - the aim has been to rid the sourdough of any refined flour and it is working so well I have shared loaves with my neighbours and got great feedback. Cakes-together with Louis, I perfected our banana loaf; one for my Dad's birthday,

and, I'm told, another fetched £30, not bad! I set myself another nature photo project: this time wild plants and mini-beasts!

Can you identify all 10 of these items?

Hoping to see you soon, Caroline x.
