

Use of Sports Premium at Rokesly Infants 2018-2019

Schools can determine how best to use this funding to improve the quality and breadth of PE and sport provision, including increasing participation in PE and sport so that all pupils develop healthy lifestyles and reach the performance levels they are capable of. We aim to provide children with the chance to experience and enjoy different types of activities at whatever level is right for them and maximise the impact that PE and sport can have in increasing their achievement and attainment.

Sport premium funding will continue to increase opportunities for participation in physical activity for all our pupils and improve their development of physical skills for PE and sport within the curriculum. By funding coaching and staff training, we will ensure that the impact of funding will continue and that improvements to outcomes for our children will be sustainable over time.

2018-19 allocation £17,800
