

Making Robots

Making Cards

Hi Rainbows

Once again this week has simply flown. Last week I went into school and I worked with the key worker children. One of the things the children made were robots! I am currently working on two stories. One story is for my Arts Group and it is quite long so when I finish writing it, I will need to shorten it. The second story is a fairy tale and I think you would like it. It has a blind Princess, an underwater King and a swirling vortex but I haven't finished writing it yet. I'm looking forward to reading your Alien stories and this week you need to plan and write a story which has a magic potion. Also, I have made some cards (see photos above) and I am currently reading two books. As for my skirt, I simply haven't had the time to get my sewing machine out. Hopefully, I will be able to finish it this week!

Don't forget to log on to your ActiveLearn account and click on 'Bug club' so that you can access books to read. Try to read every day.

Thinking of you all.

Sending you lots of love and hugs.

Amanda xx

Bonjour Rainbows

I have been thinking about you a lot this week as I have taken part in some very colourful activities. Yuen and I did a truly beautiful and fun experiment with skittles. I recommend doing it with your parents. Also, we made a very healthy, delicious, fruity snack with a banana, a pineapple, some grapes, honey and breadcrumbs. We made it look like fish and chips. Yuen even had the brilliant idea

to mash some strawberries to make 'ketchup'! As some of you know, I love my make-up and I was very happy to create a new make-up style which used all the colours of the Rainbow.

For French this week, I would like you to look at French with Alexa, family words in French (youtube) Part 1. Then go to Twinkl and download and complete 'My Family Book French'. Also, print out 'KS1 rainbow colours French colouring sheet' and complete.

Keep Smiling and having fun.
I hope to see you all very soon.
Bisous xxx

Hello Rainbows,

I hope you are well and had a nice weekend. I have been busy with our plants as always. I seeded some borlotti beans (my favourite), some winter leaves, rocket and some lovely flowers for the bees. They are not grown yet but hopefully I can share some photos soon.

But our peas are flowering. They are gorgeous! On the right our soil bed for the lettuce.

All our broad beans and peas on the left and the borlotti beans I seeded last week on the right. They are starting to grow as you can see. How exciting!

Other than taking care of the plants, I practice my darbuka, a rhythm instrument and German every day. Without exception including weekends! Now, I know more than 500 words in German! Das ist toll! (That's great!)

Bis später (See you later), Gözde
